Waltz 28	*The Figre Thaut Never Looks Back*	17
Last Waltz	*The Place Where Birds Return To*	109
Side Waltz	*An Afternoon When the Wind is Sleeping*	123

I remember not feeling anything in my heart, when I thought 'Perhaps'.

Inside my head, I believed that there was nothing to blame.

There was no heart there.

Nothing could move my heart.

The only thing that was left was a trace of memory which you have been seeing for about ten years. The remains of affection.

Just as the body of an animal weathers away and vanishes in the desert, there was only dust-like emptiness when I looked back.

But I didn't that well enough back then.
Now,
Once, twice...
Things started to clear up.
My heart isn't moved by anything.
No...
It's not that it doesn't feel.

I think I don't want my heart to feel anything anymore
All I see are just 'scenes' which flow in front of my eyes
I see everything without feeling anything.

Then why?
Like I said, I don't know which emotion it was
The one that poured out for your mom..
Was it a sense of loss for what I've lost? Regret?
Was it another twisted form of guilt?
All seem likely.

It's really easy to understand
If you think that it must be true, then it becomes true.
But to say that it was everything
It felt like something was being pulled from the back of my head
If it was so easily explainable and understandable, it wouldn't have happened
I don't have enough emotion left to destroy and cripple a man, so then why?
I can't be sure, but the things that I vented on mom and then blamed her for
Must have been all the fragments and traces ... of the emotions that vanished

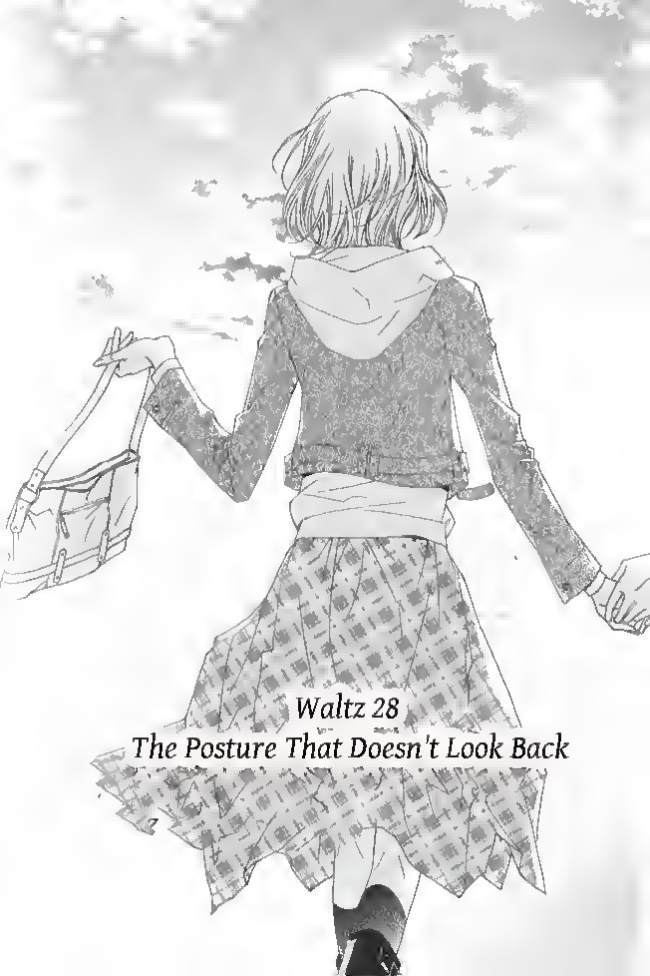
The things that were left in small amounts, I dumped them all on her
Like I was emptying my pockets.
If your mother had responded in any way, I would have changed according to it
A change, or a beginning of a new emotion, anything at all, whether it was something or bad

But your mom didn't do that.
I don't know if she had any thoughts of her own, or if it was because she was that kind of person from the very beginning
She just...
Took it all
She didn't return any of it, and just hugged it and pushed it all inside her
It made her sick and killed her in the end

So when your mom died
I became completely empty
It didn't feel real

It felt like she has been dead for a very long time
Or as if she was still alive somewhere.
She seemed like a person that I hadn't known at all

It seemed like she was me



Waltz 28
The Posture That Doesn't Look Back

I felt angry back then
I couldn t speak to you properly about it.
I'm sorry.
So I was thinking that I should call you soon, but I was too busy recently Really

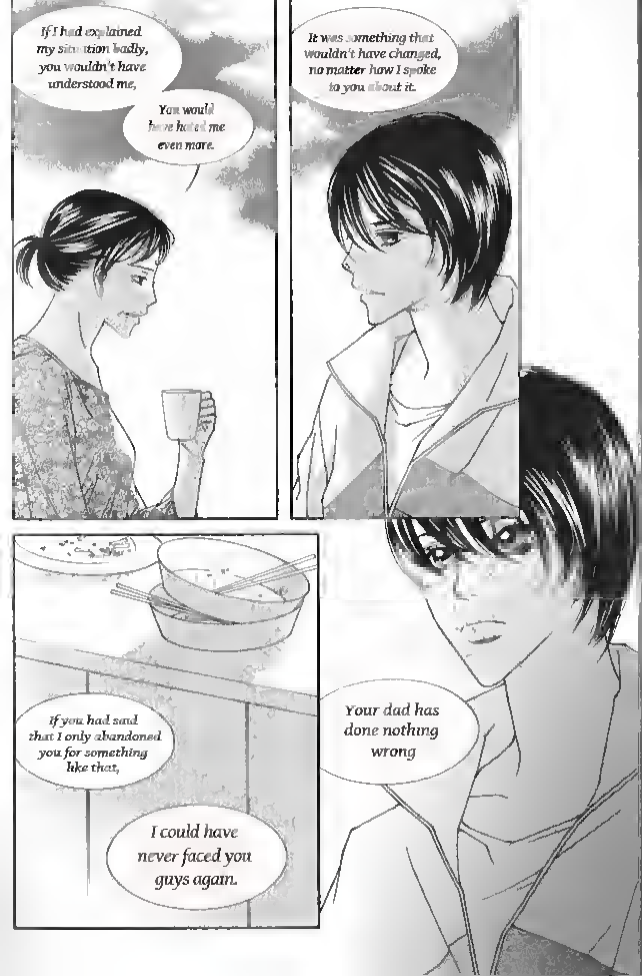
I couldn't get my mind straight. Two part timers quit
Why are kids like that these days? Really, now it's ridiculous
She just told me on the phone that I can't come back to work from today. What should I do about it?
She seemed so useless when she was working for us, but I missed her when she left.
I didn't have time call you. As soon as I got home I lay down and fell asleep the moment my head hit the pillow.
Were you angry? You should have called me.
That's not why I didn't contact you. I was busy too

Why, did something happen?
No I was ordered to do volunteer work at school, so I finished late.
It has been quite some time. The year before last year. Or maybe it was last year
Why? Did you do something wrong? Why did you have to do volunteer work?
This house is neat and nice. When did you move here?
I told you to come visit after I moved. You never came
Then, is Se Hyu not coming?

Yeah.
Se Hyu must not want to see mom anymore
I don't think so
He told me to give him your so I phone number gave it to him.

Did Se Hyu change his phone number? Is the one that I have the right one?
011
Yeah, that one.
Yes, I can talk to Se Hyu next time
We can talk next time

I should have told you guys about this sooner
But it wasn't easy to explain in a few words how things are or why they are like that.



If I had explained my situation badly, you wouldn't have understood me,
You would have hated me even more.
It was something that wouldn't have changed, no matter how I spoke to you about it.
If you had said that I only abandoned you for something like that,
I could have never faced you guys again.
Your dad has done nothing wrong

You must know that your dad is...
He is a person who empties his pockets and gives it to somebody else
He would rather be the one who gives, rather than the one who takes things.
A person like him will never be a successful in life
But I liked him back then. When I knew him as a server. I urgently needed money
He just lent it to me and told me to pay it back when I could. That's what he said.
So I thought that he must be rich.

And he didn't do it to shove off to me because he liked me.
His meddling in other people's lives goes back in history
But that wasn't it. He took out all his living expenses and lent it to me.
He felt like that if his junior was in difficulty.
What did it matter if he starved for some days?
He barely ate ramen those days
So I thought that he must be the one and so I started liking him

I made a big mistake
I thought that we could comfort and lift up each other up when things were difficult.
I thought we could live like that.
I didn't know at the beginning
Why weren't things like before? Why am I always being pushed back?
Did he change?

I felt ridiculous and anxious I was confused.
I couldn't stand each moment. It was hard and it became even more difficult because I couldn't understand it
What is this? Who is this person that I was seeing? Little by little, I became tired.
Then I realised it.
What had happened to Mr. Hyang's mom was my last chance.
Ah, when I married him, I didn't become somebody else to him.
Now 'I' was part of himself
Like my hands and feet, I only belonged to him as a part of himself

So it was okay for him to sacrifice his stomach, which suffered for a whole month because of borrowing money to his junior
I couldn't take it.
I couldn't see things properly while I thought that my life until now has been nothing more than dust.
When I found out, I was angrier than ever
Ten years or more have meaninglessly passed by
I was only treated like his hands or feet.
If he starved a little, his stomach wouldn't just disappear and he wouldn't die from it.

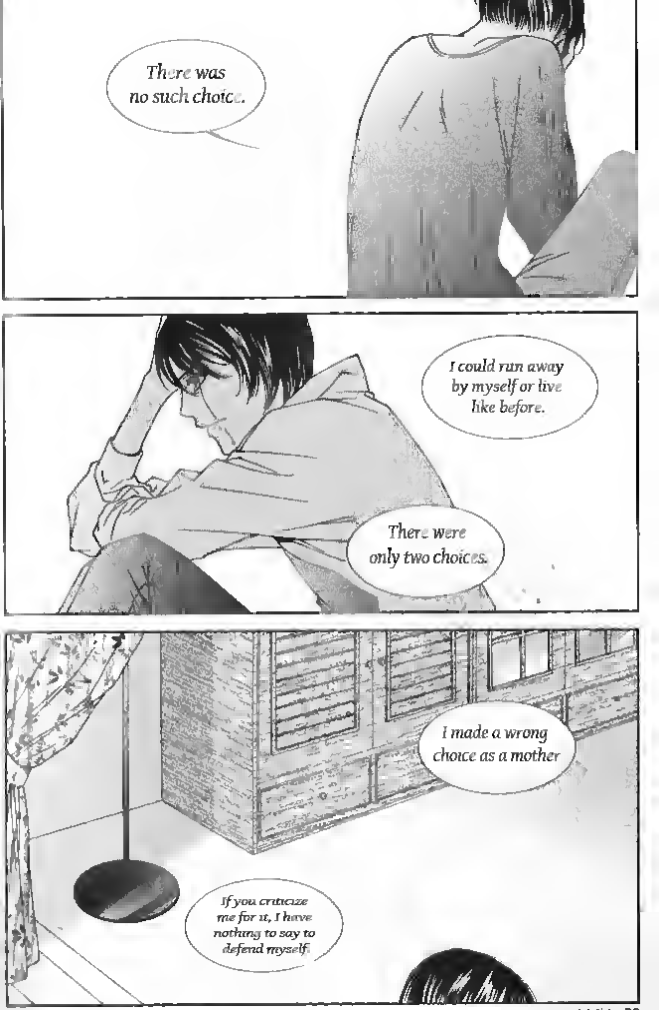
If I stay here any longer, my life will pass by me just like that.
I have to run away. I only thought of running away
I am sorry...
At that moment,
I didn't think of you kids.
I couldn't even see you.

Couldn't you have stayed for us?
Didn't you think that you could be a mother...
To us?

Mom really wanted to be with you.
At that moment..
I wasn't planning to give up being your mom At that time.
Please don't think that all of that was me being your mom.

I really wanted to live with you. I fought many times with your dad about it.
You probably don't know but we fought harder than we did when we separated.
He never gave up You told me that you wanted to live with dad, too
What could I have done?
Your dad has done nothing illegal, so I couldn't get custody or anything like that.
What I wanted most was to take you guys and live away from your dad.

디어 팔초



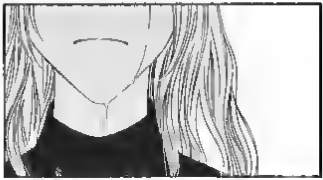
There was no such choice.
I could run away by myself or live like before.
There were only two choices.
I made a wrong choice as a mother
If you criticize me for it, I have nothing to say to defend myself.

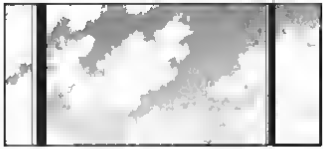
So I chose a place where you weren't there.
There was only one way for me,
And that was the only path left for me to take.

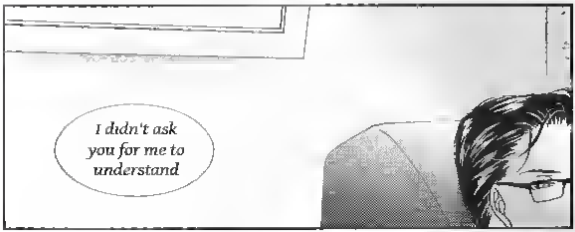
I thought that you might not understand that,
And couldn't say anything

I can't do anything if you can't understand.

But that's all I can speak of.



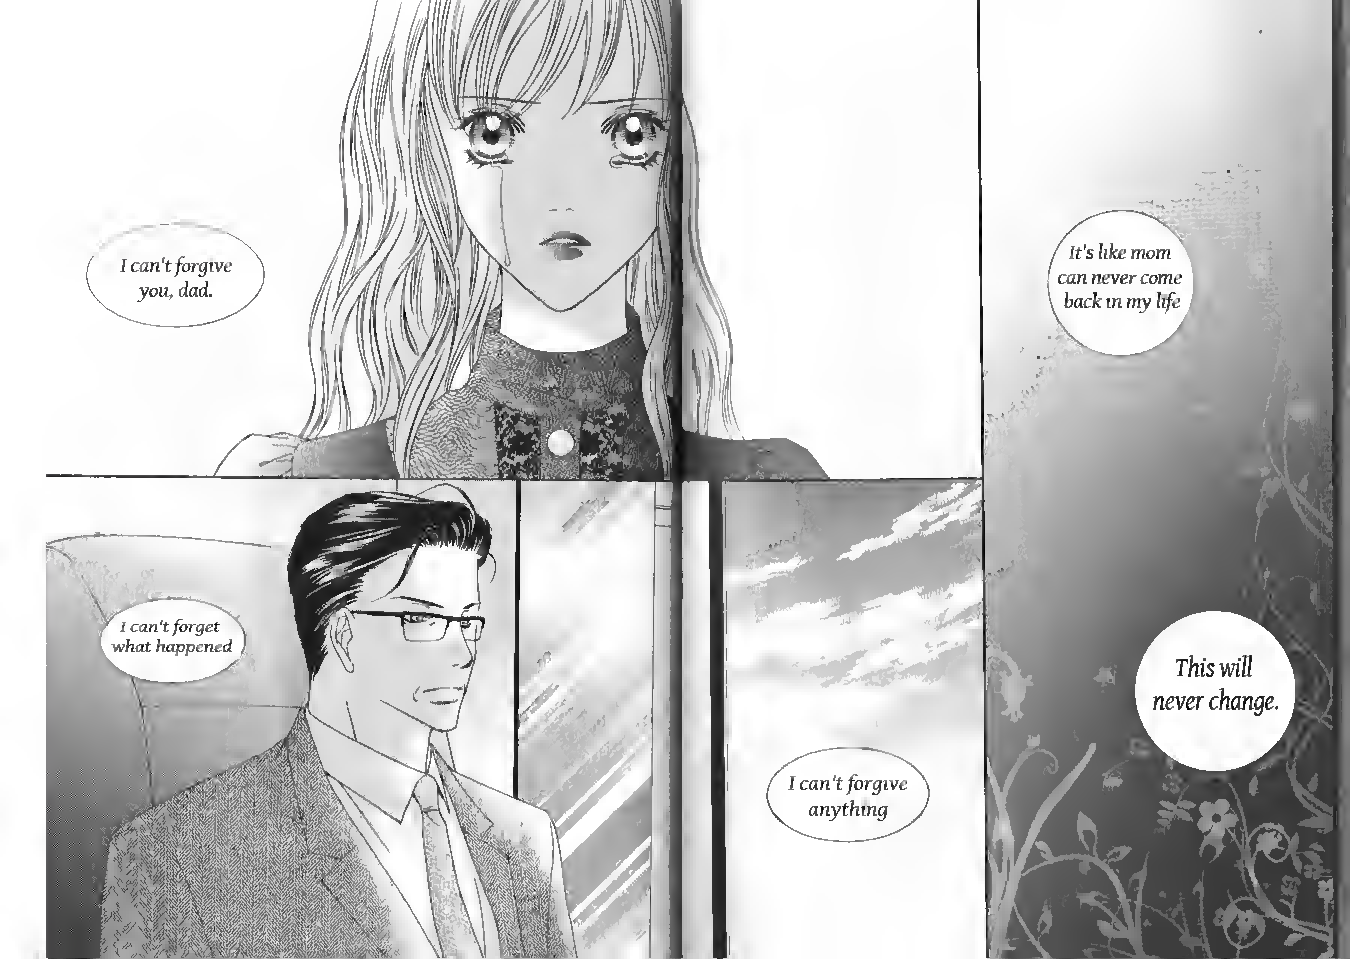




I didn't ask you for me to understand

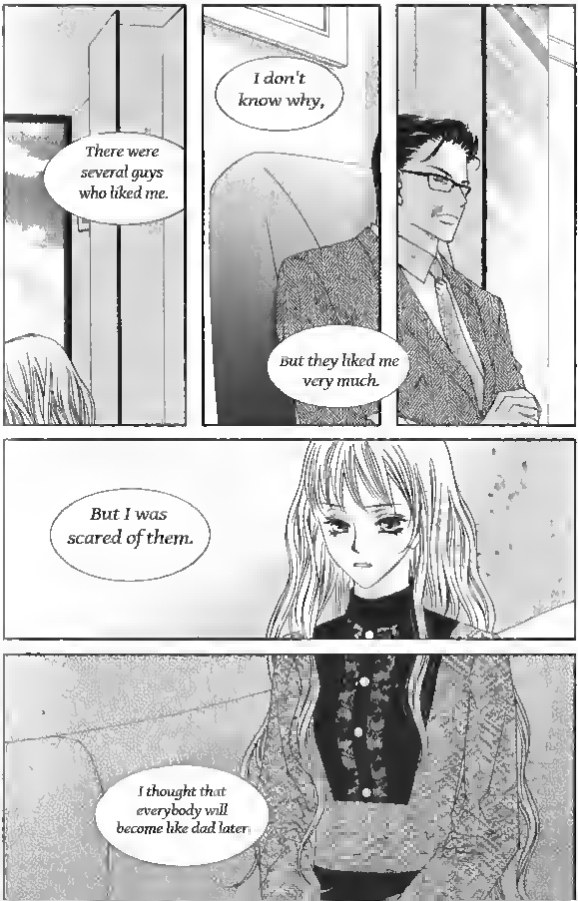
I probably won't be able to understand,
No matter what you say.
I'm sorry but I don't want to understand.
No matter what you say, no matter what reason there was
Mom became like that, and I .

I ended up like this.
Dad must not care...
About what I'm feeling or what my heart is like.
It's okay If I think about it,
I also don't care about what you feel and what you are like anymore.
So I will tell you this



I can't forgive you, dad.
It's like mom can never come back in my life
I can't forget what happened
I can't forgive anything
This will never change.

I only...
Wanted you to know.
You probably don't know this,
But I'm popular at school.



There were several guys who liked me.
I don't know why,
But they liked me very much.
But I was scared of them.
I thought that everybody will become like dad later.

I will end up living like mom.
I was always...
I was scared of it and felt anxious.
So I wanted to hear it for myself.
I can't keep living like that anymore

And my future will not be dark like mom's.
In the world, there aren't only people like dad

I wanted to think that
So what's going to happen to me now?

Will I live like you, dad?
Will I be sent away to somewhere I am needed?
Where my choice will not be accepted,
And I will have to live with having my willpower crushed?
Just because I am your daughter?
Right now, do I really have to study overseas?

You never thought about it?
To tell the truth, yes

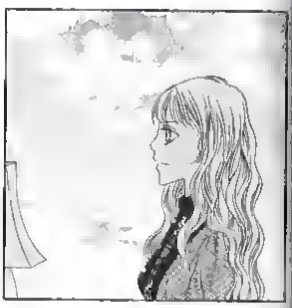
I mean it
Thank you for speaking honestly about everything
It s really good that you weren't trying to give me excuses that you don t even believe.
Or say something that's nice to hear
Thank you for not apologizing to me

If you had tried to say sorry and make excuses without meaning them,
I would have spent all my time trying to be patient like before
And end up losing my heart just like you did.
I would have hated you But I cannot hate you, nor can I to forgive you..
I would have been trapped, unable to do anything

But I don't want to be like that
I think that you, too, don't want me to be like that.

So I want to ask you this for the first
And the last time
Please
Forget about me like you did before

I don't want to get mixed up in your life.
I don't want to live like a part of you, like mom or like dad.



Something might happen so things won't be as you want them to be
You said that you couldn't make your life go in the direction you wanted.

But you should do something about that.

I never pestered or asked you for anything
I wanted many things, enough to make my heart burst
But I never talked about them.
So please listen to me

I'm going to unmake everything, all the things that I have gained and lost because I am your daughter
I am going to live my life on my own terms

I understand.
